RE: Countervailing duty scope determination on aluminum extrusions from the People's Republic of China (C-570-968)

Notice of the lifting of suspension occurred on the message date of these instructions. See paragraph 5 below.

1. Commerce received a scope ruling request from Carrand Companies Inc. Commerce issued a final scope determination on 11/04/2015 that Carrand Companies Inc.'s Telescoping Wash Poles, which Carrand Companies Inc. imports, are not within the scope of the countervailing duty order on aluminum extrusions from the People's Republic of China (C-570-968).

2. Commerce determined that Carrand Companies Inc.'s Telescoping Wash Poles are outside the scope of the order because they meet the criteria of the finished merchandise exclusion. The Telescoping Wash Poles excluded from the scope pursuant to this scope ruling are wash poles that include two (2) aluminum poles of differing dimensions, a two-part polypropylene locking collar, foam comfort grips, a threaded polypropylene end for attachment of a garden hose, and a locking head mechanism or threaded tip (made of plastic or metal) that allows the Telescoping Wash Poles to be used with a variety of attachments. The Telescoping Wash Poles share the same essential characteristics and similar parts, but vary in telescoping length. Specifically, the Telescoping Wash Poles covered by this scope ruling encompass telescoping lengths and pole diameters of:

- (1) 40" (telescoping length) 22 mm (pole diameter);
- (2) 62" (telescoping length) 22 mm (pole diameter);
- (3) 62" (telescoping length) 25 mm (pole diameter); and
- (4) 65" (telescoping length) 22 mm (pole diameter)

Each Telescoping Wash Pole is designed to be used with a garden hose and may be used with a variety of accessories such as a brush head, mop head, or sprayer attachment. Carrand's Companies Inc.'s Telescoping Wash Poles consist of multiple parts, including tubes, handles, seals, garden hose fittings, and locking clamps. Therefore, Carrand's Companies Inc.'s Telescoping Wash Poles are not within the scope of the countervailing duty order on aluminum

extrusions from the People's Republic of China.

3. For all entries of Carrand Companies Inc.'s Telescoping Wash Poles not within scope that remain unliquidated on or after 09/07/2010, CBP shall terminate suspension and liquidate entries of product not within scope which were entered, or withdrawn from warehouse, for consumption.
4. Refund any cash deposits and release any bonds relating to Carrand Companies Inc.'s Telescoping Wash Poles described above.
5. These instructions constitute notice of the lifting of suspension of liquidation of entries of Carrand Companies Inc.'s Telescoping Wash Poles entered, or withdrawn from warehouse, for consumption on or after 09/07/2010.
6. The assessment of countervailing duties by CBP on shipments or entries of this merchandise is subject to the provisions of section 778 of the Tariff Act of 1930, as amended. Section 778 requires that CBP pay interest on overpayments or assess interest on underpayments of the required amounts deposited as estimated countervailing duties. The interest provisions are not applicable to cash or bonds posted as estimated countervailing duties before the date of publication of the countervailing duty order. Interest shall be calculated from the date payment of estimated countervailing duties is required through the date of liquidation. The rate at which such interest is payable is the rate in effect under section 6621 of the Internal Revenue Code of 1954 for such period.
7. Unless instructed otherwise, for all other shipments of aluminum extrusions from the People's Republic of China not covered by paragraph 2 above, you shall continue to collect cash deposits of estimated countervailing duties for the merchandise at the current rates.
8. If there are any questions by the importing public regarding this message, please contact the Call Center for the Office of AD/CVD Operations, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce at (202) 482-0984. CBP ports should submit their inquiries through authorized CBP channels only. (This message was generated by OVI:BCD.)
9. There are no restrictions on the release of this information.

Sherri L. Hoffman
